

Robin Weninger

Robin Weninger, Co-Founder and Managing Director of the Global Institute of Leadership and Technology (GILT), is passionate about guiding and supporting organizations through the complex demands of the 21st century. His series “Leadership In Times of Uncertainty” and his initiatives on “The Infinite Organisation” have positioned him as a sought-after speaker and educator in the domain of leadership and technology. Robin’s explorations into exponential technologies, such as Artificial Intelligence, Quantum Technologies, and Blockchain, has allowed him to share invaluable insights at many conferences, as well as offer immersive sessions and workshops that address the ever-changing business landscape. With over 200...
