Neuroscientist & Researcher Artificial Intelligence

Prof. Benjamin Grewe

Professor Benjamin Grewe is a renowned neuroscientist and AI researcher whose work has led to groundbreaking insights into the intersection of biological and artificial intelligence. He joined the Institute for Neuroinformatics at ETH Zurich in October 2016 and has since been at the forefront of research in the field. He has been co-founder and Chief Scientist at Alpine AI since 2023. Growing up in Schleswig-Holstein, Benjamin Grewe developed a fascination with physics, which led him to pursue his studies in the field at the Universities of Kiel and Heidelberg. However, it was during his doctorate at ETH Zurich that he…
