

Dr. Thomas Ramge

Dr Thomas Ramge is one of Germany's best-known experts on artificial intelligence and radical innovation. Thomas Ramge thinks and writes at the intersection of technology, economics and society. His lectures on the major processes of change brought about by technology are intelligent and fact-based, understandable and entertaining, scientifically sound and inspiring. How do intelligent people use artificial intelligence in an intelligent way? How do leaps in radical innovation succeed? How do people celebrate their 200th birthday when biotechnology enables true longevity? His books are published worldwide by renowned publishers and have won numerous awards. Thomas' lectures are intelligent and fact-based,...
