

Germany's first female cruise ship captain

Nicole Langosch

Nicole Langosch – Pioneer of the maritime industry Nicole Langosch has over 20 years of experience in the maritime industry. At just 19 years old, she laid the foundation for her remarkable career by completing a six-month internship aboard a 210-meter container ship in 2002 – serving as the only woman among 18 crew members from Europe and the Philippines. This formative experience led her directly to her nautical studies in Leer, Germany. During her studies, Nicole gained valuable international experience through semesters abroad in Tenerife and Auckland, New Zealand, as well as internships at the EU Commission in Brussels,...
