

Sönke Iwersen

Sönke Iwersen is one of Germany's leading investigative journalists and a sought-after speaker when it comes to investigative research, white-collar crime and the responsibility of the media. With more than two decades of experience in investigative journalism, he provides in-depth insights into economic scandals and their backgrounds. He has been working for Handelsblatt since 2006 and took over as head of the Investigative Research department in 2012. Under his leadership, the department has developed into one of the most important investigative units in the country and has received numerous awards. He is also responsible for the successful podcast Handelsblatt Crime....
