

# Christoph Burkhardt

Christoph Burkhardt brings innovation strategies to companies around the world that have understood that innovation is part of daily business in the 21st century. The whiz kid when it comes to progress lives and works in Silicon Valley, in his adopted home of San Francisco, and is up close every day when breakthrough ideas emerge and conquer the world. “Germany’s best innovation psychologist” writes Focus about Christoph Burkhardt. “Probably also the only one” says the innovation expert himself. For six years, Christoph Burkhardt has been helping companies around the world to fail professionally – and with great success. (more...)
