

# Tim Leberecht

Tim Leberecht is a German-American entrepreneur, consultant, author and speaker and one of the most passionate and perceptive thought leaders for a new, more human economy against the backdrop of digitalisation, automation and sustainability. Tim Leberecht is the founder and CEO of the House of Beautiful Business, an international network at the intersection of technology, management, science and the arts with a mission to develop positive visions for the future of business and society. Previously, Leberecht was Chief Marketing Officer of NBBJ, an international architecture and design firm. From 2006 to 2013, he held the same position at Frog Design...
