

Chris Riddell

Driven by the real world, by humanity, and by 'the now', Chris makes sense of the uncomfortable and challenging world of 'the future' and makes the case for excitement, motivation and optimism. And there's never been a more critical time for optimism, but moreover, optimism with rigour. Chris Riddell's obsession with data, detail and insights, making unique connections and unlocking new perspectives, forms a compelling case for a future that will be better than today.
