

# Prof. Nick Bostrom

Nick Bostrom is a Swedish-born philosopher with a background in theoretical physics, computational neuroscience, logic, and artificial intelligence, as well as philosophy. He is a Professor at Oxford University, where he heads the Future of Humanity Institute as its founding director. Bostrom is the most-cited professional philosopher under the age of 50. He is the author of some 200 publications, including *Anthropic Bias* (2002), *Global Catastrophic Risks* (2008), *Human Enhancement* (2009), and *Superintelligence: Paths, Dangers, Strategies* (2014), a New York Times bestseller which helped spark a global conversation about the future of AI. He has also published a series of...
