

Michal Kurtyka

Michal Kurtyka was appointed as the first Polish Minister of the newly established Ministry of Climate. On 6 October 2020 his portfolio was enlarged, so it became Ministry of Climate and Environment of Poland. Michal Kurtyka is a graduate of the prestigious Parisian École Polytechnique and a scholarship holder in the field of quantum optics of the National Institute of Standards and Technologies, located near Washington, D.C., where he worked under the leadership of Nobel laureate in physics William D. Phillips. During the course of his studies, he also specialised in economics, with particular focus on industrial and market organisation,...
